Made In Germany: Many associate Germany with high production costs, but to us, it stands for flexibility, productivity and quality. To be able to produce more competitively, the Zahn brush company invests in all the very latest production technology, such as IT based thermal transfer printing systems, automated robots for gluing or commissioning with wireless scanners. We have also been entrusted with customer's stock-keeping. All products and processes are based on quality standards without compromise, delivering sleek products that incorporate ingenious design details. The Zahn Brush Company is proud to be the one and only brush manufacturer world-wide that has been certified according to ISO 14001, EMAS and FSC criteria.

Be inspired by our quality and service 'Made in Germany'!
